Olympus Care Services As a local leader in care and support services in Northamptonshire we know how frustrating finding the right care can be. We're one of the largest care providers in the county and are the only organisation to provide a full range of services for older people and adults with dementia, learning disabilities and physical disabilities. Whether you need home care, day services, residential care, respite, or specialist equipment we can make a difference to your life. Mission Statement "To be the most trusted provider of care and support services in the local area" Our Values In everything we do we aim to make a difference to the lives of our customers. Our six core values guide us in the decisions we make and in the way we deliver our care and support. Passionate and Caring We care passionately about what we do, the people we support and those we work with. Trustworthy and Accountable What we say is what we'll do and we'll always take responsibility for our actions. . Open and Innovative We really listen to our customers and are committed to delivering the service they deserve. . Dignity and Respect We respect people's individuality and will do whatever we can to understand their needs. . Team and Community Focused Being part of a team and our local community matters to us so we'll always give back when we can. . Practical and Prudent We use money wisely to give value to our customers, employees and shareholders. .
