Transport & Traffic Consultancy Our transport and traffic consultancy offers:

- Transport impact assessment reports for proposed development
- Green travel plans
- Planning appeals against refusal of planning permission
- Layout design for car parks and access roads
- Expert witness provision

The Transport & Traffic Consultancy has a wealth of experience in planning appeals, court hearings, arbitrations and inquiries for our clients. If your work has come under scrutiny or has reached Inquiry, Transport & Transport Consultancy can offer you the service of an expert witness to defend your work. To discuss your case, please contact us to arrange for a consultation.

Development planning We understand that sustainable transport provision is key to development planning. Transport & Traffic Consultancy is an expert in the application and use of land. We have created many effective and efficient car parks and access roads as well as offering traffic impact assessments for new developments. We also offer road safety strategies for the access to new developments. Some of the Services we Offer Include:

- Traffic Consultancy Greater London
- Transport Planning Greater London
- Development Planning Greater London
- Public Transport Greater London
- Transport Consultants Greater London
