Phase Hire Ltd Vince Maddex our manager has 20 years experience in the event and entertainment industry specialising in the technical aspect of generators and power supplies. Type of work Phase Hire has provided power for a variety of events, here

are a few examples of the work we have carried out.

Power to light the Post Office Tower in London

Power and lighting for Orchestral concerts

Power to light the London Eye

Festivals

Parties

Weddings

Emergency power for hospitals, Offices & factories.

Putting a generator on a special barge that showed off the Euro Star train on the

Thames in London. Phase Hire keeps a well maintained stock of generators in the

range 15Kva to 100Kva all are road tow silenced sets. The 15Kva sets are 240Volt single phase and the 40Kva & 100Kva sets are three phase 240Volt / 400 Volt

output. The 100Kva generators are fitted with synchronising computer controlled

panels and can be run as a 200Kva pair or 100Kva no break redundancy. Phase Hire

has a good stock of distribution boxes and cables to provide outlets from Power

Lock & 125A three phase down to 13 Amp power sockets. We also keep Flood lights

& Festoon light strings for outside or inside lighting. Phase Hire has Uninterruptible

Power Supplies up to 20Kva for hire. Some of the Services we Offer Include: Event

Generators Essex • Generator Sales Essex • Distribution Boxes Essex •

Uninterruptible Power Supplies Essex • Electrical Generators Essex
