Sports Lining Services, Scotland "Sports Lining Services clean, paint, line, refurbish and repair tennis courts and sports surfaces and have been doing so successfully for over 30 years." Based in Edinburgh and the Highlands, we specialise in sports surface maintenance throughout Scotland, with extensive experience in lining, relining, refurbishment, pressure washing, moss killing, spraying and resurfacing a wide range of different sports surfaces. These include tennis courts, running tracks, netball and basketball courts, 5-a-side football and artificial grass pitches and long and high jump areas. We also spray rubber surfaces (like those found on many tennis courts, multi use games areas and running tracks). Whether it's removing moss and dirt from a private court, painting macadam tennis courts, resurfacing a worn rubber tennis court, repairing holes and patching, or lining hockey, basketball and football areas Sports Lining Services can guarantee a professional service, high quality finish and a very competitive price. Our services "When we do a job we do it properly, and we have confidence in our materials and our ability."

- Pressure Washing
- Moss and Weed Kill
- Spraying or Painting
- Non-slip acrylic coating for macadam surfaces
- Structure Spray and Non Slip Coating for Rubber Surfaces
- Resurfacing with new macadam
- Lining
- Patching and Repairs
- Sockets and Posts
- After care and advice
- New build courts from scratch

Pressure Washing Pressure washing is a highly effective way of cleaning all hard outdoor sports surfaces. Our

high pressure machine removes moss, algae, silt and other detritus from the surface. Regular power washing has a number of benefits:

- Extends the life span of your surface
- Improves drainage
- Improves appearance
- Improves safety

Many private tennis court owners and tennis clubs get an annual pressure wash from Sports Lining Services. Some of the Services we Offer Include:
