Thackeray Associates AccountantsNot sure what services you need?Your first assessment meeting is free of charge, so you can relax while we assess what you need, and how we can help – secure in the knowledge that this initial meeting isn't going to cost you a penny. Take time to ask the questions about what help your business needs. Find out what other services are available to you and what TAA can do to help your business grow. Take advantage of some free professional time and advice to make sure that your relationship with your accountant gets off to the right start and that you get the help you need. Year end accounts serviceWe provide a year end accounts service for all types of business.• Limited companies – we prepare full and abbreviated accounts, ensuring that you meet statutory requirements, and never miss a deadline. We will always hold a pre year end meeting to make sure that there is time to take action to minimise tax payments as far as possible. We then lodge your accounts with Companies House on your behalf.• Partnership and sole trader accounts – we can take your collection of invoices and receipts and compile accounts from them which will form the basis of your self assessment tax return. Unlike limited companies, these are accounts are not filed on a public record.• Micro entity reporting – for the very smallest of businesses, we can prepare accounts on the cash basis. TaxWe provide a variety of services relating to most areas of taxation. These include:• Self-assessment tax

returns (for partnerships and sole traders). Our services can be provided online as well as through traditional hard copy forms. The sooner you provide the relevant information, the sooner we are able to let you know your tax liability or, better still, obtain any repayment due to you.• VAT returns. We can deal with this quarterly requirement with minimum hassle for you, ensuring that the very strict deadlines are always met.• Corporation tax returns (limited companies). This service is normally provided alongside the year end accounts service for limited companies. However, we can provide this as a stand alone service if you handle your own accounts.• Tax planning (including Inheritance Tax). This is a bespoke service for those who are keen to keep an eye on future liabilities, and discuss opportunities arising from changes to tax legislation. In year workWe’re not just an end of year service. Most clients benefit from more regular contact and advice throughout the year. For example:• Business consultancy – we work alongside your business, acting as your financial director, with the benefit of years of experience and expertise in working with everything fro new start-ups to established multinationals.• Management accounts production – providing up to date financial information to inform decision making, e.g. can the business afford to invest in new equipment or staff.• Bookkeeping services – we can pick up weekly or monthly basis and maintain up to date accounting records.• Payroll processing – we can take the pain out of the need to comply with the Real Time Information regime, especially considering the risk of draconian penalties for late filing. Even innocent errors may be punished!• Purchase and sales ledger control – day to day management of what you owe and are owed, including a credit control service. OtherA number of other service are available from TAA, to supplement more traditional accounting services.• Cash flow and business planning – essential for succeeding with financing requests to lenders, avoiding nasty surprises and identifying the potential for business growth.• Systems reviews (MIS and internal process) – to improve efficiency throughout the business and provide management with financial information.• Succession and exit planning – identifying how best to leave or retire from your business. This may mean ensuring maximum return from a

sale, effective transfer to family members or simply securing sufficient funds for your retirement.• Accounting IT consultancy – hardware and software solutions for your business processes.• Registered office address and mail forwarding for limited companies and LLPs – we can act as a sorting house, filtering out junk mail and making sure you are aware of important correspondence.
