PMM Security, Derbyshire, UK Our aim at PMM Security Ltd. is to provide you with the highest quality security staff, for the lowest price a security company can offer. Our goal is to win any new work, by simply making our services value for money. Value for money doesn't mean cutting corners. Value for money is about protecting your investment at reasonable prices that won't affect your bottom line. Our head office is based in Sheffield. This, however, does not stop us taking on any new contracts further afield. We have staff available throughout the UK. With over 20 years of door management and site work, our management staff are trained to understand your requirements whatever they are. We can also offer female guards at a lower cost to most companies that are especially important on clubs and events for searching females. Friendly Staff who are Happy to Help All our staff are licenced SIA badge holders and all have been vetted to BS7858 standard. PMM Security currently holds Private Security Industry Act 2001 (PSIA). Over the years, we have learned that to get the best staff you need to treat them with respect and supply them with the equipment and support they need to do their job efficiently and effectively. In return, we have some of the best, flexible staff in the security industry. An Option for Even the Smallest Business Premises If your premises are not large enough to warrant a static officer or you only require a visual deterrent, mobile visits are the ideal option. These provide a regular but random

visit to your premises at a fraction of the cost of a static officer. At the initial meeting with one of our senior managers, the number of visits and your requirements will be discussed. A set of assignment instructions will be compiled and agreed and the visits will then commence. A Constant Presence - Manned Guard 24/7 Regardless of the size of your premises or what business you are in, somebody out there will want to take from you what is not theirs. This is a sad fact of life. However, you can do something about this. This situation is resolved by having one of our fully trained and licensed security officers based at your site. Some of the Services we Offer Include: Door Supervisors Derbyshire • Manned Guarding Derbyshire • Security Consultants Derbyshire • Security Guards Derbyshire • Security Services Derbyshire • Dog Handling Derbyshire • Door Supervisors UK • Manned Guarding UK • Security Consultants UK • Security Guards UK • Security Services UK • Dog Handling UK
